# Varitra Executive Summary

## About Varitra Foundation

Varitra Foundation is a youth-led organisation setup with a vision to *Transform Rural Education System by creating grassroot change-makers*. A Sanskrit word, meaning umbrella “Varitra” symbolises collaboration and synergy of ideas and efforts to make way for collective ownership and maximum impact. Varitra Foundation was founded in January 2018 by two CSR Professionals – Ayesha Kalyan & Baljeet Yadav who have earlier worked with Tata Institute of Social Sciences, Mumbai.

Varitra works on ‘Whole school Transformation’ model where it currently works in 20 rural government schools of Karnal district on Infrastructural strengthening, BaLA painting, Library set-up, Reading Program, Remedial learning through Learning Enhancement Centres and Student leadership-building. Through Varitra Foundation, we are also empowering local rural youth into becoming change-makers to transform education in their villages.

## Our Vision

To empower people to participate towards building a just society through collective efforts

## Our Mission

To create platforms and opportunities for individuals and communities to enhance their capacities towards leading collective, path-breaking and sustainable solutions.

### OUR GOALS

By the year 2025, Varitra shall transform 100 villages by -

ENSURING HOLISTIC GROWTH & DEVELOPMENT OF UNDER-PRIVILEGED CHILDREN THROUGH CREATING QUALITY LEARNING SPACES IN RURAL SCHOOLS

EVOLVING THE CAPACITIES OF THE RURAL YOUTH THROUGH DESIGNING AND PROVIDING LEADERSHIP OPPORTUNITIES AND MENTORSHIP

EMPOWERING MEN AND WOMEN TO REDEFINE GENDER ROLES IN THEIR COMMUNITIES AND STRIVE FOR THEIR SOCIAL & ECONOMIC INDEPENDENCE

## Our Approach

Varitra believes that the key to a progressive and happy society lies in education and every child should have access to quality education and learning. Our project geography is villages located on the Haryana- UP border of Karnal district (also referred to as Yamuna Belt). These rural communities are struggling with low representation, low level of parents' education, low participation due to awareness level, negative perception towards government schools and inclination towards private education despite non-affordability.

**Varitra has designed a three-dimensional approach to improve the education status in these rural government schools:**

- **Systematic change at Government Department level:** Varitra's main focus is on improving the implementation of the policy-reach mechanism of government departments. Varitra has collaborated with Education, Women & Child and MNREGA departments for better implementation and maximised reach to the government policies on ground
- **Intervention at the School level:** Varitra has collaborated with NGOs to create quality education spaces into schools. Varitra is working on creating a student-led child centric environment into school through its key activities like Building Libraries, Running Reading programs, Creating Bal Parishads (Child Council), Improving learning outcomes, undertaking BaLA Painting in the school.
- **Intervention at the Community level:** Varitra is very keen on strengthening the community's involvement in the project for long term sustainability. Women SHG members, SMC members, panchayat members and parents are involved right from starting of the project and are involved to mobilize resources for school. Focus of the project is to transform complete ownership of the project to villagers by end of the year three.

## b) Operational Aspects

### Varitra key programs

Varitra designed its umbrella initiative - **Project SEARCH (Strengthening Quality Education Access to Rural Children of Haryana)** and started working in its first partner school in February 2018. Our main objectives are:

- To improve learning outcomes of children
- To create inclusive and safe spaces for children for student leadership
- To strengthen community members' ownership over government schools

## Target Group

Currently, we work in 20 rural government schools. By year 2023, we plan to reach out to 75 rural government schools in the next 3 years benefiting around 15,000 children.

The key initiatives under SEARCH are: Learning Enhancement Centres, Building Libraries & running reading Programs, Creating Bal Parishads in schools, strengthening school environment through advocacy with government, school and village leadership, strengthening community-school engagement through campaigns & initiatives.

## The Change we are looking at -

Through our 'Whole School Transformation' approach in rural government schools, we are working on:

1. Improving the enrolment and working towards zero drop-outs.
2. Improving student attendance into school.
3. Enhancing the learning outcomes of children.
4. Bridging the gap between the school and the communities to create a sense of collective ownership.
5. Transforming school into a safe, creative and inclusive space for the children.

## PROGRAM 1 - LEARNING ENHANCEMENT CENTRE

**OBJECTIVE:** To help raise the learning levels of the children from rural government schools through innovative remedial learning.

### LOCATION

10 villages across Karnal district  
(Haryana)

### BENEFICIARIES

638 students who are 4<sup>th</sup> and 5<sup>th</sup> students  
from rural government schools

Varitra LEC is a safe learning space for children which aims to strengthen their understanding of necessary basic concepts of Math and English according to their age. It focusses on the child's learning according to his/her pace. Each LEC engages children from 4<sup>th</sup> and 5<sup>th</sup> class from the local government school. The students are picked on the basis of learning levels (need), willingness to learn (availability). The LECs are run within the school or in the *community Chaupal* depending on space, permission and convenience of the children. Each LEC is run and managed by one to two Shikshan Mittra. Varitra LECs also encourages both self-learning and peer learning with the Shikshan Mittra acting as effective facilitators

- Our LECs operate **6 days a week** wherein the SMs teach for **two and a half hours** every day on Mathematical and English Language proficiencies.
- Once a week, Varitra organizes an activity day called 'Fun Friday' where the SMs engage children in indoor and outdoor activities related to sports, reading, art & craft, rhymes and language-building.
- Every month, the SMs are handed out a monthly teaching plan by Varitra Project Officers. Each SM maintains daily student attendance, daily lesson plan and a monthly diary to record their activities.
- Currently, Varitra is empowering 17 youth change makers, 14 of whom are women. Over the past two years, Varitra has built a volunteer community of 52 rural youth.

## PROGRAM 2 – BUILD A LIBRARY PROGRAM

### OUR OBJECTIVE

To help set-up a safe reading space in school and create student-centric environment through reading, peer activities and Behavioural change interventions.

Varitra began setting up libraries in rural government schools in 2018. In 2019, Varitra introduced Reading Program in all its partner schools to create a healthy reading environment by strengthening the reading skills of students. The program structure includes reading sessions which are conducted on weekly basis in all the partner schools and focus on 3<sup>rd</sup>, 4<sup>th</sup> and 5<sup>th</sup> grade students. Currently, these sessions are facilitated by Varitra core team members and trained volunteers.

Our curriculum includes read aloud, story-telling, individual and peer reading. These have been curated to boost excitement and engagement among the students towards books. Once a student has access to a different kinds of books, he or she can explore and discover their reading interests and every student feels engaged and understand better.

Varitra believes that every child has a unique personality therefore we need books which suit their unique individual preferences. We have thus tried to curate a collection of books from a diverse range of publishers to reach out to all kinds of child readers.

Each Varitra library consists of at least **200+** bi-lingual (Hindi & English) story-books, knowledge books, poem books/cards, children magazines, wall posters and display materials.

## PROGRAM 3 – BAL PARISHAD

Varitra creates spaces to promote student-leadership, inclusion and participation in schools. BAL PARISHAD by Varitra was the first initiative taken by Varitra towards this. Bal Parishad operates on three-pillar approach – **Representation, Participation & Leadership**. The Parishad or Council comprises of student-led committees under four thematic – Environment, Library, Sports & Cultural Activities. Varitra engages with Bal Parishad committees twice a month and conducts leadership-building and exposure-building sessions

## PROGRAM 4 – STRENGTHENING SCHOOL ENVIRONMENT THROUGH ADVOCACY

**With Government** - Varitra's has partnered with District Administration for 3 years to work on policy-reach mechanism of government departments. Varitra collaborates with MNREGA for playground creation. Varitra BEO

**With School Leadership & Panchayat** – Varitra works with School leadership & Panchayat on designing contextual solutions for school improvement, fund allocation in the school and policy implementation support.

**With School Management Committee** – Varitra works with SMCs on improving community-school engagement, increasing parental involvement, strengthening student regularity and reducing drop-out. Varitra regularly designs campaigns to create a positive momentum in school. Our campaigns address village-level social issues and aim to establish a dialogue-system between stakeholders.

## b) Educational Aspects

Ayeshna Kalyan, Baljeet Yadav and Narendrayash Das comprise the founding team of Varitra Foundation. All the founding team members are working full-time and remotely on the ground. Having expertise in different components of organizational development, roles & responsibilities of each founding member is defined very clearly.

- **Ayeshna** has worked on gender and educational issues and comes with a background of development communications, M&E, research, documentation, strategy development and partnership management, etc. Ayeshna Kalyan has been overlooking the library programme. She has developed the library curriculum for the facilitators. Ayeshna has curated and shaped the Library Management Committees across 4 schools and overlooks the orientation training of the children. She also regularly monitors the LEC's learning impacts and designs the assessments within LECs. Ayeshna has also been instrumental in rendering capacity building and educational support to the ground team of volunteers (Shikshan Mittras). Ayeshna has attended Wipro supported workshops like Design Thinking and Facilitation in the course of last year.
- **Baljeet** comes with experience of strategy development, stakeholder management, M&E, documentation, etc. Baljeet Yadav has been involved in designing the key aspects of the LEC based curriculum. Additionally, Baljeet also conducts periodic sessions within the LEC to gain key insights and feedback regarding the curriculum development. Baljeet has attended WIPRO supported workshop like Design Thinking and Facilitation last year towards programme management and developing efficient delivery platforms for the team.
- **Narendrayash** comes with experience of early childhood literacy, policy making, research & documentation. Narendrayash Das leads the Bal Parishad initiative. He designs the Bal Parishad sessions and conducts the same on a weekly basis with the children. Narendrayash also conducts library sessions for children who are not covered through the school library reading programme. He works on making LEC and Libraries to be print-rich to facilitate picture reading among children of standard I and II. He helps in capacity building and support to the ground team through periodic cluster level meetings held at Varitra. Naren has attended Children Parliament Training Course help by PratyEk along with WIPRO supported training like Early Literacy and Language Workshop by Vikramshila last year.

#### ▪ **Capacity Enhancement**

Since its inception, Varitra as an organization has maintained clarity that in order to grow as an organisation, the leadership baton is passed on to the team to take it forward in the future. Varitra hence emphasizes on internal capacity building and leadership development within its core team members. This is evident through its periodic refresher training, weekly team meets and quarterly review meets. Varitra stresses on internal capacity-building and enhancement of the core team. The core team has always been encouraged by the founders to attend capacity-building & exposure-building opportunities held in local as well as

nationally. All core team members are given a choice to attend any one of the Wipro supported workshops aligning with the need of their respective assigned programme. Other than the external workshops. Varitra has the following protocols in place for capacity enhancement:

1. Weekly debrief and team meetings for the core team
2. Cluster meetings every month for the ground and core team
3. Orientation/Foundational Training each year for the Shikshan Mittra (held in June each year)
4. Team Meetings every month for all team members of Varitra
5. Quarterly performance review for the core team
6. Individual meetings (as required)
7. Each core team also is required to present the learnings post any workshop attended

The training of the SMs by Varitra largely focusses on the following thematic domains:

For us in Varitra, our learnings are not limited to the core team only (within the educational domain), we proactively engage and hold a robust capacity building programme for our ground team as well. The trainings which are conducted on a monthly basis (including the orientation) include experts from different education domains including school teachers. Manisha Dhiman & Shiwani both attended the *Jodo Gyan* workshop while Manisha Devi completed SMILE Fellowship with *Pravah Delhi* last year. Our former Project Officer, Preeti also attended a Self-Awareness and leadership resident course conducted by *Mera Gaon Mera Desh (MGMD)* in Himachal Pradesh. In addition, the founders' constant source events held within Karnal and Delhi NCR relevant to the programme needs and encourage the core team to attend the same.

## ▪ **Governance:**

As an early-stage non-profit organisation, Varitra seeks constant mentoring and reviews from experienced individuals and domain-experts across for a stable functioning and solution-designing. Varitra has formed a circle of advisors and stays in regular touch with them.

1. **Dr. Ramji Lal (Educationist):** Dr. Ramji Lal is retired Principal of Dyal Singh College, Karnal holds over 35 years of experience in education. He is also a Political & Social Critique and provides Varitra with support in stakeholder management, community engagement & field team's youth leadership-building.
2. **Neha Buch (CEO, Pravah):** The founders maintain regular contact with Neha and share key information around Varitra's progress, team growth, community engagements and outreach.
3. **Gayathri Vasudevan (Founder, LabourNet):** Ms. Gayathri advises Varitra on Government collaborations and leadership-building. Varitra also works with LabourNet as Consultant for their CSR/NSDC projects in Karnal.
4. **KL Mukesh (Venture Partner, Unitus):** Mr. Mukesh has been Varitra's mentor from Edumentum fellowship. Mukesh guides Varitra on program design and implementation strategy.
5. **Amit Lahiri (Chief Sustainability Officer, Jindal Global University):** Prof. Amit has been associated with Varitra from early days and guides us on university-community engagement frameworks and intern support.
6. **Sandeep Mann (Educationist):** Prof. Mann is regularly invited at Varitra to take guest sessions during monthly team meetings. Prof. Mann shares his key insights on classroom management and motivation approaches.

## ▪ **Policies, Frameworks & Values**

Varitra has conceptualized certain organizational policies & guideline frameworks which are already practised:

1. **Human Resource Manual:** Containing various aspects of organisational practices followed within Varitra. The content are mainly Standard Operating practices in regards to on-boarding protocols, reporting, leave, grievance, termination etc. Formulated in 2019.
2. **Sexual Harassment Policy:** Formulated in 2018 and circulated to all employees and pasted on Varitra office notice board.

3. **Founders' Guidelines:** Guidelines for founding members with roles & responsibilities to mitigate any possible clash between the founding members.
4. **Varitra Vision Document:** Varitra has created a vision document. This document is revised on an annual basis and being discussed with advisors, mentors and core team to maintain common shared vision with transparency in organization.

Varitra continues to learn and incorporate best practices on organization practices and protocols.

**VALUES** - Through collective dialogues, we have jointly established our 5 core values:

Varitra celebrates 18th January as Varitra Day where the core team and field volunteers engage in fun-filled team-building activities. Varitra also organizes a day-out every quarter for the core team to spend time together and reflect and re-align the shared vision of Varitra.
